kbaker107's Review of Alex - Spicy Details

General Description If you're looking for a white girl that service you then this is it

The Juicy Details I've seen this girl three time. the first time was at my house and i've fucked her twice in my room . both time we did it without condom . this girl gives an ok bbbj and swallow a portion and spit out the rest . her pussy is tight. did have a little smell but i didn't go down on her.

the second time i saw her was a quick bj by her house. she swallow a little and i saw her spit as i

pull away . claims she swallow it all but again girl seems to lie .

the third time i saw her we went ahead and rented a room . i had her ride me and came in her pussy deep as she ride me on top . i wanted to go the second time but she said her pussy was sore so i made he blew me again . her bj skill was ok and nothing to ride home about . came in her mouth and she swallow a little and spit out the rest . i stop seeing her because she talks to much and can be drama queen . told her i would only see her again if she swallow the whole load which she claim she always do .
